EDUCATION

B.Com (Computer Applications) : Field Marshal K.M. Cariappa College, Madikeri	2023 – 2026
PUC: ST Michael's Composite PU College, Madikeri --- 90%	2019 – 2020
Class 10 th : St. Michael's Higher Primary School, Madikeri --- 77%	2019 – 2020

TECHNICAL SKILLS

Programming	HTML, CSS, JavaScript, Gen AI , React, Node.js, Express.js, MongoDB, Three.js, Tailwind css
soft skills	Cross-functional collaboration, Clear technical communication. Adaptability & fast learning, Ownership & accountability

PROJECTS

BUNK BRAIN

MERN Stack -Ai Agents -98%

It is a full-stack AI-powered educational SaaS platform designed to help students collaborate, study smarter, and stay productive. It integrates advanced technologies like React, Node.js, MongoDB, WebRTC, Socket.IO, and AI APIs to create an interactive learning environment. The platform includes real-time video calling with screen sharing, AI chat assistance, voice-based AI tutors, OCR-powered doubt solving, and AI-generated quizzes. It also features a secure Study Room with focus-lock mode, PDF-based AI assistance, and anti-distraction monitoring. Users can participate in group chats, public Q&A forums, and track their weak areas through analytics dashboards.

Rebulk

MERN Stack — JWT Auth 93%

AI-powered resume builder web application with secure JWT authentication. Users can upload resumes, certificates, and other documents. Includes a modern responsive UI, real-time AI suggestions for resume improvement, and cloud storage integration. Fully tested and deployed.

SnapScholar

MERN Stack — OCR 83%

Learning platform that converts uploaded topic images into text using OCR and provides AI-generated answers, quizzes, and relevant YouTube explanations. Features include auto-generated quizzes, user progress tracking, and a personalized dashboard. Optimized for mobile and web.

Exam hub

MERN Stack —Multilingual 95%

Multilingual exam preparation platform featuring live classes, real-time chat, and an interactive scratchpad for collaborative learning. Built with React for competitive exam aspirants, supporting multi-language accessibility across all features. Developed as part of the Yuga yatra company's ed-tech initiative.

EXPERIENCE

Unified Mentor (online)

6 Months

- Developed full-stack applications using MERN stack (MongoDB, Express.js, React, Node.js).
- Implemented REST APIs and JWT-based authentication for secure user access.
- Built responsive UI components and integrated cloud storage (AWS S3) for file uploads.
- Collaborated with team using Git/GitHub and followed Agile workflow.

Yuga Yatra(online/offline)

6 Months

- Created full-stack web projects with dynamic dashboards using MERN stack.
- Integrated third-party APIs and deployed applications to cloud platforms.
- Worked as a team lead for Link cab and Risthawalla
- Received a PPO for the hard work for 6 months

Shree Venkataramana Cr-Co Society Madikeri :(offline)

1 Months

- Updated a website connecting with a new database
- Worked with a team and collected the data
- Worked on with the excel sheet

ACHIEVEMENTS

- Participated in 6 national-level hackathons with diverse problem statements.
- Built innovative full-stack solutions under 24-hour deadlines.
- Collaborated with cross-functional teams to develop working MVPs.
- Hands-on experience in real-time coding, APIs, and deployment.
- Received certificates, prizes, and honorable gifts.

ACTIVITIES

- Served as a Cultural Leader in collage
- National Service Scheme: Serving as Group Leader
- Sports: Cricket (Wicketkeeper)
